* HUD published income limit

**Calculated based on the HUD Median Income, which is assigned to a family of four at 100% AMI. The 1-person family income limit is 70% of the 4-person income limit. The 2-person family income limit is 80% of the 4-person income limit, the 3-person family income limit is 90% of the 4-person income limit, the 5-person income limit is 108% of the 4-person income limit, the 6-person family income limit is 116% of the 4-person income limit, the 7-person family income limit is 124% of the 4-person income limit, and the 8-person family income limit is 132% of the 4-person income limit. All limits are rounded up to the nearest \$50.

The FY 2014 Consolidated Appropriations Act changed the definition of extremely low-income to be the greater of 30/50ths (60 percent) of the Section 8 very low-income limit or the poverty guideline as established by the Department of Health and Human Services (HHS), provided that this amount is not greater than the Section 8 50% very low-income limit. Consequently, the extremely low income limits may equal the very low (50%) income limits.
